Schwah Has Not Purchased Newport News Shipbuilding Plant.

[Special to The Times-Dispatch.]
Newport News, Va. April 6.—An emphatic denial of a rumor published in Richmond, to the effect that Charles M. Schwab, the steel magnate, had purchased the plant of the Newport News Shipbuilding and Dry Dock Company, was given out at the local office of the ship yard to-day.

This rumor was current here last week, and at that time General Manager Walter A. Post made an unqualified denial of it for publication in a local paper. Mr. Post says that the owners of the yard have no idea of selling out to Mr. Schwab or anybody else. The company has been contemplating for some time the establishment of a steel plant here, and it is supposed that this gave rise to the Schwab rumor. It is stated, however, that there is no probability of the establishment of a steel plant in the immediate future.

The cause of Rheumatism is an excess of uric acid in the blood. The traite impurity gets into the circulation by absorption, usually because of constipation, weak kidneys, and other systemic irregularities. Then the blood becomes weak and sour and irritating urate particles are formed in this vital fluid. When in this impure condition the blood can not furnish the necessary amount of courishment to the different muscles, tendons, nerves and ligaments of the body. Instead it constantly steeps them in the briny acrid matter, and the gritty, urate particles collect in the joints, which causes the pains, aches and soreness of Rheumatism. Liniments, plasters, etc. may relieve the acute pain of an attack of Rheumatism, but such treatment does not reach the blood and therefore can have no permanent good effect. There is but one way to cure Rheumatism and that is to purify the blood of the acid poison. S. S. S. goes into the circulation and attacks the disease at its head. It removes the cause for the reason that it is the greatest of all blood purifiers. It filtors out every trace of the sour, inflammatory matter, cools the acid heated circulation, adds richness and nourishment to the blood and permanently cures Rheumatism. S. S.
